

# Use SchoolCash Online to pay for school items and fees

Carteret County Public Schools uses SchoolCash Online for school items and activity fees. SchoolCash Online helps our school district in many ways: parents can manage all school fees and items for their students in one location and have the convenience of a secure online payment platform, and the schools improve safety and reduce risk by minimizing cash and check payments at our schools.

## **Benefits to parents and schools**

You will help increase efficiency and security at your school by making payments directly into your school's bank account. This limits the number of people entering the school, reduces risk of lost payments, and allows teachers and office staff to focus on helping students and not counting cash. In addition, you are automatically informed about school activities!

## **How to register**

Registering takes less than two minutes! Visit the [Registration Instructions page](#) to learn more. After registering, simply log in to manage your student's account.

Parents who have created an account and attached a student to their profile receive an automated notification when any item becomes available for their child. This will help reduce the amount of overdue and forgotten payments and make payments easy to track.

## **Need help?**
